## Ray-Ban Stories

Version 1 from Meta

A unique storytelling tool for nonprofit leaders, fundraisers, and communicators. Available as a donation to eligible nonprofits through TechSoup.

**Take photos and videos hands-free, immersed in the moment.**

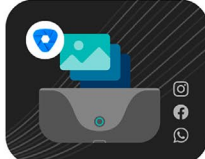

-  The dual 5-megapixel cameras automatically capture high resolution photos and quality video footage.
-  Discrete open-ear speakers with 3 built-in microphones capture sound in multiple directions so you get rich voice and sound quality for calls and videos.
-  Pause your song, take a photo, or record a video with a single touch thanks to the hyper-responsive touchpad and use voice control to capture hands-free.

**techsoup** [Return to TechSoup](#)

### Manage your content with ease.

 The Meta View App allows you to easily import, view and manage your photos and videos, create unique content and share what you've created directly to Instagram, Facebook, and WhatsApp.

 Charge your frames on the go with the compact, portable charging case. A fully charged frame lasts for 6 hours with moderate use and up to 3 hours with continuous use.

### Your content is yours to control.

 Your photos and videos belong to you and you get to decide what happens to them. Meta cannot access your media without your consent, and does not use the content of photos and videos captured with Ray-Ban Stories and stored in Meta View for personalized ads. If you share your media to any other app, that app's terms apply.

## Get to Know Microsoft Productivity Solutions for Nonprofits

techsoup

TechSoup equips changemakers with transformative technology solutions and skills they need to improve lives globally and locally.

### Flexible Solutions for Today's Nonprofits

Microsoft 365 and Office 365 subscriptions provide a great first step toward becoming a truly digital organization. Cloud-based solutions allow you to collaborate with your colleagues, utilize secure document storage, enjoy the latest operating systems on your machines, and more.

Following pages will elaborate on the details, features, and specifications of Microsoft activity solutions, as well as provide you with additional resources you may need.

### Team with TechSoup — A Microsoft Gold Certified Partner

The nonprofit technology experts since 1987

Over 350,000 nonprofits around the world rely on TechSoup to provide the Microsoft productivity tools they need to carry out their missions. When you team up with TechSoup, you gain a trusted partner with a deep understanding of the needs of nonprofits. It's all we do. And we're a nonprofit, too.

And when you get your Microsoft solutions through TechSoup, you always get the best offerings that support the special nonprofit opportunity.

All licenses acquired through TechSoup come with our Cloud Support Services.

This service helps nonprofits and for-profits determine which Microsoft cloud licenses are right for them, how to activate those licenses properly, and how to fully realize the value of this powerful but complex platform.

**Expert Guidance**  
We'll provide you with the right products and services to fit your needs so you can better serve your community.

**Complete Solutions for Nonprofits**  
We'll provide you with a complete set of licenses, and your own knowledge in our services and training materials.

**An Entire Community Awaits**  
TechSoup provides opportunities to connect with and learn from others through our online forums and virtual events.
